District 504/Dyslexia Coordinator

Dear Parents/Guardians,

I would like to extend a warm welcome to both new and returning students and their families. As Thorndale's District 504/Dyslexia Coordinator, I would like to formally introduce myself: My name is Heather Lamia and I am a resident from Thorndale, TX. I have been working for Thorndale ISD for the past 13 years, 9 of which has been spent as an elementary teacher. I received my Bachelor's in Education from Texas A&M University.

You are receiving this letter because has had or is currently being served in our Dyslexia program. This program is designed to give support to students who are struggling with dyslexia and other related disorders. The goal of this program is to help these students by developing and then further strengthening their skills in order to be successful in the classroom.

Please check out my website for more 504, Dyslexia, and related disorder information. **Mrslamia.weebly.com** there are lots of great tips, videos and general information.

Sincerely,

Heather Lamia

Please do not hesitate to contact me if you have any questions or concerns about your students' progress or the Dyslexia program. You can communicate with me any way you prefer (email, phone, website, in person, note from student). It is my goal to keep parents and guardians informed about services available to them. The website listed above is full of great information.
